Transferring Tickets

1. In the event that you are unable to attend the event you have booked and paid for, you can transfer your ticket to a nominated new attendee subject to notifying us at least 30 days before the event starts, and providing us with their full contact details. An administration fee of \$100 will apply. You may also choose to attend a different event of a lesser value instead. Your payments will be reassigned to the other event, subject to the following criteria. You will still need to make all required payments for the event, and you must also attend the lesser valued event before December 31 in that calendar year. If there is no event prior to December 31, you will either forfeit your money, need to pay the balance to attend the original event, or you can transfer your ticket to someone else.

Refunds

1. We may cancel the Workshop Service for any reason by written notice to you. We will also refund you the Investment you actually paid to us within 10 days of giving you notice of cancellation. We shall have no further liability to you in respect of the cancellation.
2. You acknowledge that you shall not be entitled, and shall not claim a refund other than by strict compliance with clauses 8 to 10 and the Refund Policy. You further acknowledge that this is an essential term of this agreement on which we rely.

What is the reason for this policy?

From the date that you make the initial deposit or payment to attend an event, we begin planning for your attendance and incur costs accordingly, even up to twelve months before the event. Our refund policy reflects this, with the following explanations.

I can't go to the event I booked for - can I transfer to next year's event?

No. All ticket sales are only valid for the actual event booked, on the date specified.

Can I send someone else in my place?

Yes, you can choose who you want to transfer your ticket too. You need to notify us via email or by fax on +61 7 5588 5122 at least 30 days before the event starts. You need to provide us with this person's full name, address, phone numbers, email address, and you must have signed and dated the letter of authority for the ownership of your ticket to be transferred to the new attendee. You will receive written confirmation of the ticket transfer, and the new attendee will also receive written confirmation that they are now the ticket holder. Please note that a \$100 administration fee is applicable to ticket transfers.

I have booked in to attend an event, and because I can no longer make it, I would like to attend a different event of a lesser value instead. Can I do this?

Yes. In this case we will reassign your payment to the other event, subject to the following criteria. You will still need to make all the required payments for that event, and you must also attend the lesser value event before December 31, you will either forfeit your money, need to pay the balance to attend the original event, or you can transfer your ticket to someone else.

What happens to my money if I don't turn up or cannot attend?

If you don't attend you will forfeit your money, or you can transfer your ticket to someone else as above. Remember, we have already accounted for your attendance in our expenditure so it is not possible to either obtain a refund, or have the funds paid held in credit for another event.

Thank you for your understanding; we look forward to welcoming you at the event you have chosen to attend.
